WORK EXPERIENCE

Sumed Technologies — **Hyderabad, India**
Reporting Analyst Intern — 01/2025 - 06/2025

- Collected, verified and organized project task updates and performance tracking data (150+ entries per week); used Excel to prepare weekly performance reports showing work progress and issues
- Conducted quality reviews on weekly reports and datasets using Excel by verifying values, checking for missing or inconsistent data, and ensuring accuracy and alignment with company standards

Cognizant (Google Client) — **Hyderabad, India**
Process Executive — 01/2023 - 10/2024

- Enhanced AI model performance by validating, curating, and supplying high-quality datasets through the EWOQ platform, improved search accuracy and relevance
- Collaborated with global stakeholders to optimize workflows, reduced turnaround times and improved operational efficiency
- Audited completed tasks, identified and marked errors, and presented findings to the team with suggestions to reduce recurring issues

Cherish Foundation — **Hyderabad, India**
Operations and Finance Intern — 07/2021 - 08/2021

- Analyzed financial data to detect inefficiencies and problem areas, delivered insights for corrective measures
- Prepared concise reports highlighting operational performance and key business outcomes

ACADEMIC PROJECTS

Brandeis University — **Waltham, MA**
Medical Insurance Charges Regression Analysis — 01/2026 – 05/2026

- Built a multiple linear regression model in R to analyze demographic and behavioral factors affecting U.S. medical insurance charges
- Conducted EDA, significance testing, and model evaluation using Adjusted R^2 and F-statistics.

H-1B Policy & Mobility Analysis — 04/2026

- Analyzed 65,000+ POI observations across Boston–Cambridge using Advan SafeGraph mobility data
- Used Tableau, geographic mapping, and trend analysis to evaluate mobility patterns

Fair Wear Foundation – Garment Supply Chain Analysis — 05/2026

- Analyzed garment supply-chain labor risks using value stream mapping, secondary research, and stakeholder analysis
- Evaluated Fair Wear's factory- and brand-level interventions and identified opportunities to strengthen worker voice, monitoring, accountability, and purchasing practices
